Quality to the Core

See What's Inside

1 Anti-Static Wrist Strap

2 Small Suction Cup

3 Opening Tools (x3)

4 Opening Picks (x6)

5 Nylon Tipped Reverse Tweezers

6 Angled ESD Tweezers

7 Blunt ESD Tweezers

8 Spudger

9 Halberd Spudger

10 Metal Spudger

11 Jimmy

12 Flex Extension

13 64 Bits (4mm)

14 Magnetic Driver

15 Tool Roll

There's a reason the other tool kits are based on ours. We reverse engineered our tools from devices themselves, for optimal for prying and opening for hard drives, joysticks, and other parts.

Thoughtfully Designed Driver

with 64 quality bits

Bits for Every Thing
